PROJECTS

Text to Speech Converter - JS

- Elevated communication and productivity through contributions to VoiceText Pro, the foremost Text to speech Converter app. Demonstrated a strong appreciation for the significance of spoken language, serving as a catalyst for effortless speech-to- text conversion.

NewsApp - React JS

- Architected and crafted a dynamic, user-centric news application using React JS. This innovative app showcases real-time news articles from diverse sources, elevating the browsing experience with search functionality and neatly categorized news sections.

Other Projects

- Text-Converter - ReactJS
- Portfolio - ReactJS - Firebase
